DEDICATION

Many years from now, when we think back to our friends and teachers at Maumee Valley, you could well be the first we will remember. You came to M.V. when we were second graders. This year marks your tenth anniversary, and during these ten years you have watched and helped us become adults.

You are known and respected in both the Lower and Upper Schools. You began our basic education, and have taken us all the way to graduation. In the Lower School, we knew your guidance and encouragement. In the Upper School, we knew your friendship and advice.

Because you have been wonderful teachers, advisors, and friends for ten years, we dedicate the 1966 Weathervane to you both: *Mr. and Mrs. Carl W. Cahill.*

LETTER FROM THE HEADMASTER

TO THE CLASS OF 1966:

Our times require mature individuals who are able to think effectively and who can make relevant judgments. Your education at Maumee Valley has been directed toward helping you achieve these ends. May your future education continue to excite and inspire you in the same way.

Gordon T. Schofield
Headmaster

IN APPRECIATION

We, the class of 1966, wish to express our gratitude to our Headmaster, GORDON T. SCHOFIELD. He has lead the school through a great transitory period. M.V. has changed from a small conventional high school to an aware college preparatory school. We would also like to thank the teachers who have helped us to learn to become adults. We'd especially like to thank the following who are leaving M.V. this year.

In his five years at M.V., MR. JAMES DONNELLY has proved to be an able and personable teacher, and a good administrator. His various positions have been as M.V.'s first soccer coach, chairman of the English department, and head of the newly formed Middle School. Maumee Valley and the Senior class will sincerely miss his affable and amicable leadership.

MR. LESTER GRACE has been head of the Athletic Department for over eight seasons. Girls as well as boys will long remember his lectures on sportsmenship and "110%" effort.

Last but not least is MR. ADOLF NELSON who has taught M.V. students for an accumulation of 12 years. It has been chiefly through his efforts that mathematics has become one of the most exceptional departments in the school. His students will never forget his quick and appropriate remarks such as, "when in doubt, X it out," and, "ah-ha . . . the Butch method." He has been not only a very able assistant headmaster but also a tremendous influence and friend.

As we leave Maumee Valley we must pause and thank all those who have helped us through these four impressionable years. We wish you all good luck and hope to see you in the future.

The Sixth Graders enjoyed an individualized reading and writing program aimed at preparing each pupil for Middle and Upper School work. Each student read books independently and wrote many plays, poems, and stories. The plays which were written were then produced by the class itself.

SIXTH GRADE

This year the Fifth Grade class became very enthused about its new science program. Independent laboratories were introduced in which the students experimented on their own. John Galbraith gave a talk on Maumee River pollution and erosion. The students studied the problems and discussed means of solving them. Concerning the program, one student stated, "IT's the best science we've ever had. We *did* the experiments rather than just reading about them."

The Fourth Grade class studied the history of their own state. The pupils discussed the glacier era which swept through Ohio forming the surrounding Great Lakes, and the early pioneer days which led up to present-day Ohio. The year was climaxed by a trip to the Ohio State Museum and Capitol Building in Columbus.

FOURTH GRADE

The Third Graders proved to be the most adept at tumbling and free exercise gymnastics. By the conclusion of the year, they were quite skilled and performed in an athletic program in the Upper School. The class also enjoyed numerous educational trips to the Wolcott House, the Port of Toledo, and the Art Museum.

first row: Todd Emerson, David Turin, Randy Samborn, Mike Permutter, Wolfi Mann, Eric Johnson, Cynthia Dusbiber, Janie Eyster, Roberta Pei, Mary Beth Hadfield, Mark Standriff, Lock McKelvy, Kim Biebisheimer, Dana Johnson, Scott Richardson.

This year the Second Grade studied ancient cultures. While learning about Egyptian and Roman civilizations, the children divided into groups and studied the areas which enthused them most. Some students simulated pyramids while others made pictures of Roman gods. The projects proved to be fun as well as educational.

SECOND GRADE

The First Graders published the first Lower School newspaper, the Mohawk Junior. The children also correlated art with geography and history by making a large map of the seven continents; on it were drawn the routes of great explorers.

bottom row: Pam Cheney, Austin Berger, Brad Wade, Cythia Thomas, Cammy MacDonald, Molly Hendren, Christel Mann, Bonnie Neilsen, Carol Burch, Julie Gallon.

second row: Billy Guggenheim, Dawn Driver, Kristen King, Roberta Kelson, Nancy Young, Chris Wagner, Terrianne Braun.

KINDERGARTEN VILLAGE

The Kindergarten Class made a cardboard village; each house showed that a child knew his address, and each telephone line showed that he knew his telephone number. While studying community helpers, the children learned about firemen, policemen, and postmen which they added to their village.

The Weathervane

I think the weathervane is a good symbol for the school. First, it is a good symbol because it can blow in many directions, meaning the school teaches in many fields. It is a good symbol. The teachers know what they are doing, so the courses are understood well by each student.

Another thing, the weathervane is made with a center anchor. The four points of the compass cross in the center. In other words, children come from all directions, meet, and learn. The school is their anchor, and they plan their lives around the school.

Hibernations

Leaves fall from trees,
Drop to their deaths as flies
Swatted by a human hand.
The blades of grass fade
and wither and disappear.
Birds drop dew and fly someplace
Where they have been promised
Green grass and blue flowers
and fat worms.

Growth

Flowing, glowing, golden tresses of hair
Gliding full and rich down over her shoulders and onto her still unformed breasts
Forming ringlets thereupon to be coveted in later years,
Coveted by men and women alike.

Round, wondering eyes,
Unsophistication in it's greatest triumph
Large and brown and beautiful
Yet, showing an inexpressible sadness

A young girl—not comprehending her own maturity
Growing, still glowing with childish innocence,
Growing to be taken—her character demanding such agression
Enjoying her own helplessness
Not realizing the self-destruction

Not physically full-grown
Yet attracting, acting as one of her seniors
Reacting to her self-betrayal
Penetrating her mind with morbid ideas
Committing treason by permeating an innocent body.
Filling it with degradation.

Not fully realizing at first but
Causing existence when comprehended
A fruitless, hopeless existence for her
Lost of her beautiful, innocent charm
Left with an infinite void
Left with the satisfaction if adulthood.

THE FUTURE

If you could go into the future too near
You could see what a dunce the human race has been
And how the wind that blows every day blows toward
Atomic-Self-Destruction
The bomb
The devil's lethal play toy
Will reduce this world called earth into a
smoldering pile of ashes
When the wind blows radioactively and then not
sweet smell of flowers
It will prove that the ape was really more intelligent
than any humanoid that ever lived on earth
Because an ape would have more sense than to
blaw apart his beloved land.

"HELL"

As I lay dead in vain,
I could hardly stand the pain
of my ribs being ripped apart,
and the beat of my fading heart,
Mercy

As I felt the razor cuts,
They slowly removed my slimy guts,
Then my blood swiftly flowed;
They took some mud and stopped it cold.
Mercy

As they ripped out my eyes,
One of them let loose some flies,
Then I gave some mournful sighs,
As they quickly deteriorized—
Mercy

Oh the pain was too much to bear,
As they ripped out all my hair.
After they did all that,
They took a knife and sliced my fat.
Mercy

It seemed like hell way under ground,
I could tell by the crackling sound
of flames, orange and red,
As I lay in the devil's bed,

Council Promotes Goodwill And Student Activities

OFFICERS

President	Martha Walton
Vice-President	Andy Roberts
Secretary	Susie Nelson
Treasurer	Heidi Harnist

Martha Walton, this year's president, began the year with a series of meetings during the summer and a "get-acquainted" party for the new students. The council was very active in both social and charity projects, as they organized school drives for money and clothing to be distributed in the Toledo area. Aided and advised by Mr. Nicholas Nash, the Council also sponsored a successful Faculty-Student Talent Night and a team in the Area High School Quiz Bowl.

first row, left to right: Kitty Williams, John Wittmann, Ken Irons, Eric Bressler, Jackie Thierwechter, Chris Handwork, Jeff Kasle.

"Tomahawk" Initiates New Policies

Editors-in-Chief ..... Diane Kuehnle, Susie Nelson
Associate Editors ..... Jules Vinnedge, Jr.,
Phil Chambers, Mary Clare Hummer,
Harlan Jacobson, Angie Didier
Sports Editor ..... Steve Esquith

The "Tomahawk" took a new attitude in its reporting and editorial policies this year. The staff worked hard throughout the year to offer the students a paper which would report both factually and analytically on the school's activities and controversies. New features included a special four-page creative writing section, written entirely by M.V. students and a "Letters to the Editor" column on the Editorial Page.

Investors Profit In Stock Ventures

OFFICERS

President	Jules Vinnedge, Jr.
Vice-President	George Blackstone
Secretary	Nancy Northup
General Treasurer	Martha Walton
Fund Treasurer	Hal Turner
Contest Chairman	Eric Bressler
Librarian	Suzanne Reynolds

The Investment Club, this year joined by all Seniors taking Economics, were busy with their annual contest, the investment fund, and weekly discussions of current stock market trends. Through the contest, which was open to the whole school, members investing "on paper" could afford to be speculative. The shareholders, who actually had a five-dollar investment, proved to be more conservative. Either way, the participants "profited" from their experience.

Candid Snappers Invade M. V.

This year's newest club, under the advisorship of Mr. Stranahan and Mr. Deupree, has attracted many new and avid photographers. Owing to the beneficent gifts ot Mr. Kenneth Koegler, the members have been able to learn developing and enlarging using the best of equipment. The Photo Club also staged an interesting Photo Exhibition at the Mother's Club Fair in the spring.

"Sound Of Music" Echoes Through Halls

The Upper School Chorus, under the direction of Dr. J. Robert Carroll, was very busy this year practicing twice a week for their performances. The highlight of their efforts was the production "The Sound of Music", which was put on by the combined Chorus and Madrigals in the Spring. They also entertained the student body at assemblies throughout the year. A trip to Akron, Ohio, to sing with the chorus of Old Trail School was another exciting activity for this year's group.

Spirit, Pep, And Laughter

Supporting the football and basketball teams at nearly every game, the Varsity Cheerleaders carried out their goal of arousing spirit, pep, and laughter. The girls staged many pre-game skits this year and worked up special cheers to please the students. They will long be remembered for their unusual rendition of "Beat 'em Team, Beat 'em".

Aroused By Cheerleaders

The Middle School Cheerleaders, with as much enthusiasm as the older girls, have contributed significantly to the efforts of the Middle School basketball and football teams.

Enthusiasm Generated by Female Spectators

The Pep Club did a fine job this year in helping the cheerleaders to arouse school spirit. For every football and basketball game, posters were made and often post-game sock-hops were sponsored. At Thanksgiving time, the Pep Club generated some of its spirit to needy families in the Toledo area by collecting food and clothing to be distributed to them.

Varsity Football

The 1965 football season was easily the most disappointing one in recent years. This year's grid squad played only three teams equipped with more capable players; however, the season record was a skimpy 2-6. Twice, the team had opportunities to even its record, but a definite lack of desire was too important to be ignored. The victory over Woodville was by far the team's most impressive performance as the team seemed to give a little extra for this game. Several players did consistently contribute in each game, and a few underclassmen showed signs of genuine ability in future years.

In the first two games of the season, M.V. encountered teams larger and stronger than they. In the second game, the offensive team began to gell as it scored 28 points. However, the defensive unit, a sorespot all season, yeilded 34 points in defeat. The next game against Park was a complete reversal of the previous two contests. The defense, led by tri-captains Steve Day and George Blackstone, was firm throughout, and the offense, though not explosive, was steady and hard-hitting. The running of halfback Doug Robinson, fullback Ken Swanson, and quarterback Steve Esquith, complimented by the pass catching of Kim and Elliot Mills and Paul Berlacher produced a gratifying 16-0 victory.

Now, with the record at 1-2, Coach Grace thought his gridders were ready. Unfortunately, injuries, coupled with an "unusual" attitude, produced an excruciating defeat at the hands of GPUS, 35-14. The next game was an absolute must if the season were to be anything. The squad realized this, and actually got up for the night contest against Woodville. The offense scored consistently, but the defense was a bit shaky in the first half. The final score of 26-20 is misleading as M.V. controlled the game except for a few first half break away runs by the Woodville scatback.

With the record at 2-3, another opportunity for .500 had arisen. This time the opponent was DCDS, a team which had been beaten by Park 26-0. The final score was 20-18 in favor of Detroit, the difference being in the extra points. M.V. had one touchdown called back and one T.D. pass dropped, but could not push over the winning points. The remaining two games were not even interesting, the only bright spot coming in the Hawken game when M.V. became the first team to score upon the undefeated Hawks.

The offensive unit, led by Senior quarterback Steve Esquith, Doug Robinson, Kim Mills, and George Blackstone did establish itself as a potent scoring machine. Esquith and Robinson were among the top ten scorers in the suburban area, and tri-captain Esquith earned All-Northwestern honorable mention. An encouraging point that should be mentioned was the fine play of several underclassmen. Dick Steketee, Paul Berlacher, and Jim Walton all earned letters, and with the strong performance of the J.V. team, M.V.'s football status should return to its past prowess.

Soccer

Led by seniors Alenins, Chambers, Vinnedge, Smith, and Turner, the 1965 soccer team was the best in M.V.'s history. Through the excellent coaching of James Donnelly and Calvert Magruder, the team finished the season with a 6-1-1 record. Since the team consisted of fifteen players returning from last year and five new players, inexperience was not as great a factor as in years past. The team's objective was to use their skills and work as one unit. This they accomplished very successfully. The Mohawks not only defeated Western Reserve twice in one season, but also won on Reserve's home field for the first time in five years. In the second game of the season with Hudson High's J.V.'s, M.V. made five goals—the most ever scored by M.V. in a game. The season was topped by a 3-3 tie with Detroit Country Day in overtime. The score was close throughout the game. With five seconds left, M.V. was down 3-2 with a corner kick at Detroit's goal. Mentzer kicked the ball in to Alenius who, with his back to the goal, booted it over his shoulder and in for the score. The two teams then fought through two five-minute overtimes without scoring. The teamwork and skills of forward linemen Greg Van Gunten, Lars Alenius, Mike McAdams, Eric Bressler, and John Martin coupled with the defensive abilities of halfbacks Mike Ward and Harlan Jacobson and fullbacks Jules Vinnege and Joe Didier, and goalie Phil Chambers led the team to its greatest season. The team graduated six members, but looks forward to a successful future.

Varsity Basketball

The 1965-66 basketball season was one of more disappointments than highlights. Losing only one number from the previous year's squad, this campaign should have been one of the best of all years. Although the team was not a squad of "loafers", poor judgement and poor basketball sense caused too many careless mistakes to ignore. Time and time again the Mohawks built up large leads or staged come-from-behind rallies only to lose in the final quarter on careless turnovers.

The team did manage to come out of the daze for the season's last game as they ran past Cleveland Hawken 75 to 63. Hawken had twice before thumped Maumee Valley 68 to 44 and 55 to 43.

Team Captain Andy Roberts sparked the squad's offense as he averaged 21.6 points per game to lead the club and rank second in scoring in the suburban area. Steve Esquith and Steve Day were the defensive stalwarts.

Varsity Wrestling

The 1965-66 wrestling season was a pleasing success despite the only mediocre team record. Under Head Coach Dr. Tavstigian, four Mohawks captured second places at the Maumee Valley Invitational to bring the season to a very gratifying climax. The tournament winners were: E. J. Fritche, 103 lbs.; Jeff Day, 112 lbs.; Sol Zyndorf, 135 lbs.; and Dave Greenberg, 165 lbs.

Since for all members but one this had been the squads first exposure to high school wrestling, Dr. Tavstigian should be praised for such a truly excellent job of coaching. With every wrestler returning next year, the team's future looks very promising, to say the least.

Track

Losing ten of the eleven top pointmen from the '64 campaign, this year's track team could have hardly expected to look forward to another 10-0 season. Yet the year did have some very satisfying moments and did also uncover some good talent for the next year's squad.

Highlight of the year was the team's fifth place finish at the Detroit Invitational. Paced by Senior muscleman Bill Wittmann and Junior Andy Roberts, the team managed a 14 point performance—good enough to beat 14 other schools. Wittmann, the smallest weightman in the meet, flipped the shot 42′ 11¾″ for an excellent second place finish. Meanwhile, Roberts had won a fourth in the 880 and seconds in both the high jump and a broad jump, losing the latter by ¼ inch.

A good deal of solid potential was uncovered during the regular season as well as at Detroit. Sophomore Lou Abney shows tremendous desire and potential as a distance runner. Junior Greg Van Gunten also shows excellent promise, mainly through a great amount of versatility. Seniors Andy Roberts and Tony Knight also return next year with solid chances to put themselves in the record books in their respective events.

In summary, though the record was a dismal one, Coach McCoy looks forward to next season with much anticipation.

Varsity Baseball

The 1965 baseball team compiled the poorest record (2-10) in at least the past ten years. Unfortunately, it was not the result of lack of ability. Seniors Jim Fellabaum and Gary Abrass were both .400 hitters, and as a sophomore pitcher, Jim had shown that he could do the job by finishing with a 6-1 record, the finest single season performance in M.V. history. Gary Robinson, Doug Robinson, Joe Didier, Greg Mentzer and Steve Esquith provided the balance of the offense, and the Mohawks were rarely outhit. This leads to the obvious conclusion that the team's defense was putrid. Statistically, this was true, as the Mohawks committed close to fifty errors in 12 games.

However, the errors were not the result of "schoolboy arms" or misjudgments; they were caused by mental errors; indecision, confusion and sometimes daydreaming. A good example is the first Grosse Pointe game. Fellabaum had the best "stuff" he had all season.

He even struck out G.P.U.S.'s Hadden, a player who had given him fits before. Going into the bottom of the 7th, M.V. was up 5-3 and Jim had allowed three hits. M.V. lost 6-5 as 3 errors, 1 walk and 1 hit produced the 3 G.P.U.S. runs. This was the same thing that happened against Otsego, Mason, and Hawken. Up until the final two games of the season M.V. simply did not play wide awake baseball for seven complete innings.

M.V.'s first victory after ten straight defeats was remarkable, not in that it ever happened, but in the way it happened. After dropping a tight 5-2 game in the second extra inning. Fellabaum proceeded to pitch the second game which he won 3-2—in 8 innings. A total of 17 innings had elapsed since Jim took the mound that afternoon, a truly outstanding performance—the final victory against Ottawa Hills was easily M.V.'s most impressive. O.H. had about an even record and were favored to clobber the Mohawks. The final score was 9-0, M.V., as Mr. Seker's charges had 11 hits and only two errors. It was a nice way to end the season but it reminded the players what might have been with a little more concentration.

Varsity Hockey Team

Since all the members of last year's varsity team returned this fall, they started the season with high hopes. The first game win over Whitmer added to the optimism. After picking up some hints at Mrs. Schaefer's Valley Farm, they faced Ottawa Hills, hopeful of a resounding victory over one of their traditional rivals. Although the Mohawks fought exceptionally hard throughout the second half, the game ended in a 1-1 tie. The excursion up to GPUS was very enjoyable except for a rather slippery and discouraging time on a soggy hockey field. However, the next weekend's trip down to Cleveland for a playday at Laurel was much more rewarding. This journey also saw the arrival of an Indian doll, "Tradition Mohawk" (Trish for short) who will be the varsity's mascot in all future games. An easy victory over Clay climaxed the intramural season.

ARE YOU SATISFIED?

Grownups know that personal grooming is important if you want to "get ahead". Teenagers sometimes forget to look at themselves objectively.

So that boys and girls could see themselves as others see them, a full-length mirror was installed in the main corridor of a high school in Buffalo, N. Y.

Boys checked shirttails and trouser lengths—even started wearing coats and ties. Girls stopped to tuck in blouses or rearrange their hair. Renewed pride came to this school—all because of a mirror!

A mirror is a "must" at school . . . at home . . . anywhere. Always check your appearance before going out. It's a good habit to form and others will notice.

When *you* buy a mirror, be sure it's made of L·O·F *Parallel-O-Plate®* glass, *twin-ground* for truer reflections and more freedom from distortion. You'll find a wide selection at your furniture, glass or department store.

CONGRATULATIONS

to the new graduates

As parents, neighbors, and friends
we naturally have a special interest in
the quality of our schools.

No community is better than its schools,
and no school is better than
the determination and willingness
of a community to support
standards high enough and broad enough
to meet tomorrow's levels of need,
both vocationally and for citizenship.
